Experienced Full-Stack Developer with a strong passion for creating robust, efficient, and user-friendly web applications. Proficient in both front-end and back-end technologies, with a track record of delivering high-quality software solutions. Committed to staying up-to-date with the latest industry trends and best practices.

EDUCATION

Oct 2020 - Jun 2024 (Expected)

Suez Canal University, ismailia

EXPERIENCE

Full-Stack web developer

Oct 2021 - Present

Jimmy

- 1.Full-Stack Expertise: My versatility as a Full-Stack Developer allows me to work on both the front-end and back-end of projects. This capability has enabled me to deliver end-to-end solutions, ensuring that applications are well-rounded and feature-rich.
- 2.Automated Testing: I have implemented automated testing practices using tools like Jest and Mocha. This has led to higher code quality and reliability, reducing the number of bugs and issues in production.
- 3.Continuous Learning: I am committed to staying up-to-date with the latest industry trends, best practices, and emerging technologies. My dedication to continuous learning ensures that I can adapt to evolving web development landscapes and provide cutting-edge solutions to clients and employers.
- 4.Open Source Contributions: I have contributed to open-source projects, sharing knowledge and collaborating with the developer community. These contributions not only benefit the open-source ecosystem but also demonstrate my commitment to the developer community.
- 5.Client and User Satisfaction: Ultimately, my greatest achievement is the satisfaction of clients and end-users. Delivering web applications that meet or exceed their expectations in terms of functionality, usability, and performance is the ultimate measure of success as a Full-Stack Web Developer.
